

Super Dog Race

Long ago, there was a race called the Super Dog Race. Max, Pickles and Blaze participated in the race. Max crossed the finish line first, winning the race, but he got too excited and ran all the way to the North Pole. Pickles crossed the finish line second. He stopped and watched Max run away. The race announcer mistakenly thought that Pickles won the race. He told every newspaper in the world that Pickles won. He also told them that another dog, Blaze, ran very fast despite his short legs. Since then, everyone learned that Pickles won the race. They don't know anything else about Pickles.

Tom and Emily learned at school that Pickles won the Super Dog Race. This is the only thing they know about the dog race and Pickles. They don't know anything about Max. That night, their dad asked: Do you know who won the Super Dog Race?

Emily said: Pickles was the dog
that won the Super Dog Race.

True: Descriptivist view
(Get reference from the definite description in her
head)

False: Causal historical view
(Get reference based on causal-historical chain)
